"Nicolas is an excellent competitor and extremely hard worker. He is dedicated to getting better in all aspects of the game and takes the time to improve on his skill set. He has above average skating ability as well as offensive upside with excellent vision of the game. He is a solid reliable 2-way player with an attention to detail in all zones. He is a tireless worker who is always willing to sacrifice for the benefit of the team or teammates. I would without a doubt give Nicolas my highest recommendation for any position that he would be looking to pursue with any organization."

- ◆ Head Coach, McGill University Redmen (CIS).

" I have coached Nicolas Biniek for the past three seasons at McGill University where he was a left winger for the Redmen. He was a key part of our team in 2012 when we won our first National Championship, delivering some big goals in key games. He has shown this ability to elevate his game at key points in our season during his time with our program. He is strong on the puck, goes to the dirty areas, is a responsible defensive player, and has an offensive upside. Nicolas is a high-quality person and has been a very positive member of our program for the past three seasons. I would strongly recommend him for your team." Kelly Nobes
